

**September 2024**

Last month, we discussed league start up and the responsibilities of the various league officer positions. We are happy to announce there are no rules changes for the 2024-2025 season.

If you missed any of last month's of the Rules Extra, please click [here](#).

This month, we cover:

- Absentee and vacancy scores
- Prize lists
- Tools available to assist in your league operations

If you are no longer a league officer, please forward Rules Extra to newly elected officers so that they will be more knowledgeable in their new role.

Please forward Rules Extra via email to your fellow officers and league members.

**LEAGUE RESOURCES**

**Absentee Score or Vacancy Score**

The Rules team receives many calls about what score to use if a bowler on the roster is absent the first week of the schedule. Many believe you cannot use the absentee scores of a bowler until the person has bowled in the league. However, that is contrary to [USBC Rule 112](#). The absentee score of a player on the roster is used unless the league rules require the vacancy score be used.

**Prize lists**

The president must appoint a prize committee and ensure the committee provides the league with at least one prize list for consideration by Week 5 ([Rule 106a](#)).

Bowlers often believe they must vote for one of the prize lists even if they do not agree with any of the choices. This causes many bowlers to vote for the prize list they can live with or not to vote at all. In order to allow bowlers to vote without settling for a prize list they do not like, each prize list presented by the committee should have a column for yes and no votes.

**Athlete Safety/RVP**

The U.S. Center for SafeSport policy states that any adult (18 years of age and older) who participates with minors (17 years of age and under) must go through SafeSport training. Additionally, all officers need to be registered volunteers with USBC (SafeSport training and a background screening through NCSI).
